The Big Grangers.

It is stated that the big Foster ranch in San Diego county, Cal., has been sold to James L. Flood, Richard O'Neill and Dan Murphy. The tract embraces some 136,000 acres, located in San Diego county and bordering on Los Angeles county. The sellers were understood to want $500,000 for the entirety, while $400,000 was believed to be the limit of the buyers. The consideration eventually agreed upon was $450,000. The land is represented to be fully equal to the best farming land in that section. It is the intention of the new owners to engage in cattle raising at this spot.

A Monster Well.

The largest well in California is now being dug and is rapidly nearing completion in Wilmington, near Los Angeles. It is 25 feet in diameter and has now reached a level of 40 feet below the surface of the earth. There is room for 25 men to work on the bottom of this immense well. When it is completed the water will be pumped into a gigantic tank, which, being elevated above the ground upon scaffolding, will give sufficient gravity to send water any direction for miles. With the completion of this well Wilmington and San Pedro will have an assured supply of water. The cost of this monster hole will not be less than $8,000 or $10,000.

Neuralgia and rheumatism retire whenever St. Jacobs Oil is introduced.

IN THE FIELD.

The nominations of county and township officers by the Republican convention on Saturday closes the organization of the two parties and fairly opens the Fall campaign. We think that even Democrats will say that the ticket nominated on that day is a good one, and that no Republican has any reason for voting any other. There certainly is no personal reason for anyone to bolt it. There was a large number of candidates for most of the vacancies, and the convention tried to make the best ticket out of the material at their disposal. No doubt some few mistakes were made and some misunderstandings occurred, but where all could not be nominated some must be disappointed. The man at the head of the ticket ought to be grateful to the Republican party, and it should be proud of him, for by the wisdom and liberal policy in which it has administered the affairs of this country it has made it possible for boys coming here from a foreign land, poor and friendless, to rise to influence and wealth. We doubt if there is a man in Nevada to-day who is doing as much to build up the State as Hon. P. N. Marker is. Others may spend millions to develop mines, and may strike bonanzas that will make a temporary boom, but in enriching themselves they debauch the ground from which they take the silver. Mr. Marker's work, however, is for all time. The immense ranch he is redeeming on the Humboldt will furnish food for families yet unborn. His great work in making a reservoir of Eagle Lake, north of Reno, will bring into cultivation hundreds of farms in California and Nevada. He is thus laying a foundation in the wilderness for a civilized community.

Our Assemblymen will form the best delegation in the Assembly, unless the other counties send much better men than they have been doing. Mr. Varian's ability in debate will give great strength to any measure he champions, and his thorough knowledge of the State and her statutes will prevent his wasting his strength on unwise measures. Mr. Fish has held up his corner of the party all the time, and never has got anybody's dust in a political race. He has any number of political friends in this county, of all parties, who have the greatest confidence in his character and ability. Mr. Price is a sound man in State and county affairs, a safe friend of Washoe and an experienced man for the State. Such a delegation at a time of crisis in our government is a demand of the taxpayers and not a question of politics. For any county to send men to Carson this Winter who are either inexperienced, uneducated or unconcerned, is to invite future disaster. No county and no party, with any ordinary prudence or business sense, will even ask for seats in the Legislature for poor timber at a time when a new or at least an amended constitution is needed.

Our county official nominations will rank with those of any State, city or county in the land. J. F. Emmett, for Sheriff, is a young man of brains, character and bodily strength, all of which are prime requisites in that office. He is a six-foot specimen of the perfect man, straight as an arrow, with a step like an antelope and a leg like a racer.

P. B. Comstock has been Clerk before, and proved an attentive and capable officer. With the experience of a veteran, he will do the work better than ever.

Mr. Fogus has had great experience in large affairs, and can bring both an enlarged mind and a clear conscience [illegible] He and Mark [illegible] into coun- [illegible] the [illegible] that if the sack had not attended the last election he would have beaten the champion Democratic campaigner, Mr. Williams, for Recorder, and he is confident he will do it now. His qualifications are ample, and if his party wins it will be base treachery to defeat so good and patriotic a soldier and so able a man as he.

Dan Boyd has the county's coin right where it belongs all the time, and even the Democrats do not feel like making a change. His constant watchfulness and close attention have never been surpassed by a custodian of our coin.

It is only natural that the GAZETTE should feel pleased, not to say flattered, with the nomination of J. F. Alexander for District Attorney. His fine legal education, force as a speaker and thorough acquaintance in the county are great recommendations.

General Evans is well acquainted with property values, and has done business enough to make him very capable for the intricate duties of Assessor.

Mr. Jenvey will bring to the office of Superintendent of Schools ripe scholarship and sound principles of education. Let no other man be elected.

E. L. Bridges is a thorough civil engineer, and will do good work as County Surveyor.

Mr. Sawyer will be on the next Board of County Commissioners, and will manage the business which comes before it the same as he has his own, with prudence, wisdom and fairness.

Mr. Boardman has held important offices in the county, and his services then are his recommendations for the office of District Judge.

Dickens has served a term as Public Administrator to the entire satisfaction of taxpayers.

Judge Young has been attentive to the duties of Justice of the Peace, and becomes more competent every day. There is no trouble about his re-election.

The township officers are all first-class nominations and will be endorsed by the voters beyond all question.

EDITORIAL NOTES.

The GAZETTE enters upon a new volum[illegible] to-day. A glance at its well filled [illegible] columns, shows that it is prosperon[illegible] and full of vigor and that it strive[illegible] to be acceptable to all who like a good newspaper.

R. R. Parkinson of the Carson *Tribune* has been on a visit to Lyon county and expresses the opinion that the county will give a Republican majority of at least 150.

FOREIGN TELEGRAPH.

An Irish Hurricane.

LONDON, October 1.

A hurricane in Ireland to-day at Cork did more damage on land than any previous storm for twenty years past. The American ship Harvey Mills, from Liverpool for New York, lying at Queenstown, was driven ashore and several yachts were sunk in the harbor. At Neury a large number of houses were greatly damaged and the town flooded. At Limerick twenty feet of the spire of the Catholic Church was blown down during the service, causing a panic which, however, was finally allayed.

TELEGRAPHIC BREVITIES.

—A $95,000 fire in Clifton, Ohio, yesterday.

—The Hillsdale rowing club has returned to New York.

—The mercantile house of A. T. Stewart & Co. has been finally closed.

Fire in Eureka.

EUREKA, Nev., October 1.

The Star Brewery of Joe Mendes and an adjoining dwelling house were burned this morning between 3 and 4 o'clock. Before the Fire Department arrived the buildings were nothing but a mass of flames, but the neighboring property was saved by the aid of a furious snow-storm, which had set in just before the alarm was struck. Loss about $8,000; insured for $1,900.

The Female Suffragists.

LINCOLN, Neb., October 1.

The National Woman's Suffrage Association concluded its session here last night. Large audiences were in attendance at all the sessions and great enthusiasm was developed. Some 500 ladies and gentlemen pledged themselves to untiring efforts in behalf of the proposed woman suffrage amendment.

TO-DAY'S NEWS

Press Dispatches to EVENING GAZETTE.

EASTERN DISPATCHES.

The Morey Fraud Resurrected.

CHICAGO, October 1.

An *Inter-Ocean* New York special purports to give the inside history of the celebrated Morey letter on the Chinese question, whose publication carried California against Garfield in the last Presidential election. The dispatch is to the effect that J. I. Davenport has been at work 26 months in the endeavor to ferret out the authorship of the forgery; that he finally got at its conception and execution, together with the confession of the forger, and that he is about to publish the facts in pamphlet form. The party who forged the document is named H. H. Hadley, a renegade Republican in the employ of the Democratic National Committee, and some of the leading spirits in that body were cognizant of and approved of the forgery. The story told is to the effect that Hadley, as the professed leader of a certain body of voters in New York, wrote to Gen. Garfield, asking an explanation and answer to the Credit Mobilier charges. The letter was answered by Private Secretary Brown, enclosing the manuscript of Garfield's speech on the subject to his constituents in 1873. He thus got Garfield's autograph. Hadley is an expert penman, and spent several days studying and practicing the handwriting and autograph of Garfield. A stationery store was ransacked for paper similar to that used at Mentor, and then Hadley wrote the famous forgery. The prepared correspondence agreed with that which Hadley received from Mentor and was put through a process to make it look soiled and worn. When finished, Randall, Hewitt and several other Democrats saw it and had no doubts of its genuineness. The paper concludes with the statement that the electrotype fac simile was offered the *Sun*, which refused to publish it. It was then taken to the *Truth* and therein published. A special train was chartered to convey copies of the paper to California. It is said that Davenport not only has Hadley's confession, but a number of his practice sheets, and the final copy from which the fac simile was made.

A Man Murders His Wife and Daughter.

WASHINGTON, October 1.

A special to the *Intelligencer* says a most blood-curdling homicide occurred about fourteen miles from Clarksburg this morning. About 1 o'clock John R. Boggs, Jr., killed his wife and a daughter of 13 while in a fit of mental derangement caused by strong drink. He attacked his wife while in bed. She called on her daughter, who came and assisted her mother to get loose from the grasp of her father. They then fled from the house and he grabbed a large poker and followed. Overtaking his wife he hit her two blows, the last of which proved fatal. It seems that the daughter killed was 13 years old and had come up to help save her mother. With one blow her killed her also. When found, the mother and daughter were lying together in the road near their home, dead. Boggs was found in the house in a state of intoxication. He denied the killing or knowing anything about it. He was a well-to-do farmer living at Rock Camp, of an old and respected family. The occurrence created great excitement and is without a parallel in this section.

Trying to Make Peace.

NEW YORK, October 2.

The *Times* says that a Stalwart member of the State Committee has been submitting to prominent Half-Breeds a plan to secure harmony in the Republican party on the State ticket. The chief features of the plan are that Judge Folger should immediately write a letter declining the nomination tendered him by the State Convention, basing the declination on the ground that he could by no possibility have anything to do with a nomination tainted by forgery or fraud, and that a new State Convention should be at once called for the purpose of placing in the field a suitable candidate for Governor. It is believed by those who favor the scheme that Judge Folger, after defining his position in a letter such as he is capable of writing, would be renominated by the new State Convention and thenceforward peace and harmony would prevail in the party. It is said that guarantees are offered the Half-Breeds of proper recognition in the convenand on the State Committee. It is believed the Half-Breeds will not regard the proposition with favor.

Mormons and the Franchise.

ST. PAUL, October 2.

Gov. Ramsay, Chairman of the Utah Commission, just returned from Salt Lake, says: The only thing we had to do was to separate polygamists from lawful voters, and that we accomplished at a very early day after the arrival of the Commission. Leading polygamists came to us and assured us that they would make no attempt to be registered nor to vote, and would do all in their power to assist us in a general way. I think they kept their word. In fact, the Mormons conducted themselves fairly, so far as we could learn. We now have to appoint three judges in each election precinct. There has been a good deal of nonsense in the papers about the Commission favoring the Mormons, while the fact is that there are whole counties where none but Mormons reside, and as the law is intended to make polygamy odious and does not disfranchise a non-polygamy Mormon, we could not do otherwise than do just what does recognize that class. So far as the elections are concerned, they will, of course, be carried by Mormons, who will elect the Delegate to Congress, and the polygamists, knowing their man and officers generally will be chosen, can well afford to acquiesce in their own disfranchisement. I heard it said that the present Mayor of Salt Lake City—Mr. Kane—stood a good show for the Mormon nomination and election. "What will be the general effect of the law as it pertains to the election?" "It will take nearly all of the first and wealthiest class of men of the Mormon church out of politics and make polygamy odious, especially to the rising generation, who will dislike to be disfranchised on arriving at their majority. The fellows now thrown out will be looked upon as martyrs by many, and, in fact, so consider themselves already. Disfranchising polygamists will certainly deter ambitious young men from too much marrying. I found that the polygamist element is located very largely in the rural districts, among the less intelligent classes."

Governor Stanford's Fast Colts.

NEW YORK, October 1.

Eight young trotters belonging to ex-Governor Stanford, of California, reached this city on Saturday evening from his stock farm at Mayfield, California, and are stabled on the grounds of the Gentlemen's Driving Association. The animals were transported in the Governor's special stable car and made the long journey by easy stages, so that they should not suffer by a sudden change of climate. Albany was the last stop, and there the horses rested for several days at Island Park. The stud is reported in fine condition. It includes the phenomenal three-year-old filly Wildflower and the two-year-old filly Hinda Rose. Wildflower has a two-year-old record of 2:21, and will start Thursday during the meeting of the National Association of Horse Breeders. Hinda Rose as a yearling trotted in 2:33½, and though not engaged in any special event at the meeting, will give an exhibition of her speed. An interesting fact is recalled in connection with this trip of ex-Governor Stanford's stud. Five years ago he bought at Charles Bachman's farm at Stony Ford, Orange county, thirteen head of trotting stock, paying $40,000 in cash. The venture was considered a rash one by other breeders and they told Stanford so. He said in reply that at some future time he would return with the results of his venture and beat Bachman and other Eastern breeders on their own ground. He said that he had unlimited confidence in the result of California's climate in producing fast horses. Governor Stanford now returns to fulfill his promise. He is expected to be present himself during the meeting and has declared that Wildflower is ready to beat the records of all previous two, three and four-year-olds.

Train Robbers Get Cash.

DENVER, Col., October 1.

Full particulars of the train robbery at Granada, Col., last night, received here to-day, are as follows: While the west-bound train was sidetracked to let the east-bound passenger train pass, two men mounted the engine with drawn revolvers and compelled the engineer to run the train a mile and a half out of town, where 15 men with revolvers took possession of the entire train. The only shots fired were at Conductor Dees, who had gone forward to learn the cause of the train stopping. The conductor ran back into the smoking car, where were a Sheriff and Deputy Sheriff from Raton, and also a Sheriff from Las Vegas. They drew their revolvers, which saved the passengers from losing their valuables. The robbers robbed the express car of $5,000 and ordered the engineer out, got on their horses, which were hitched near by, and departed. A safe in the rear of the car containing $10,000 was not molested. A posse of citizens is in pursuit of the robbers.

Jay Gould's Contemplated Tour.

NEW YORK, October 1.

The *Sun* says a number of letters have been received at the *Sun* office denying the statement made last week in regard to Jay Jay Gould's intended voyage around the world. It is averred that Gould has stated to his friends that his interests are so large that he cannot leave the United States till after the Presidential election in 1884. This is absolutely false. Gould's statement is that he has a comparatively small interest in the stock market and that his railroad and Western Union interests are in such a shape that he can leave these shores to-morrow should he choose to do so. Plans and estimates from three different ship builders, for the construction of his yacht, are already under his consideration and will probably be decided upon in a very short time. Menwhile the scheme of chartering one of the new iron steamers of the the Pacific Mail Co. has been discussed. The steamer is to serve till the yacht is ready, and as the Pacific Mail Co. has recently built five new steamers, it seems to be perfectly able and willing to charter one out for a few months at round prices.

Beecher's Political Sermon.

NEW YORK, October 1.

Henry Ward Beecher in his sermon to-night at Plymouth Church, said: In the great convention which met at Saratoga, why was Cornell set aside? It has been the custom from time immemorial, when the Governor has administered the duties of his office in an honest and straightforward way for the people to abandon him to the enemy. In this case no national principle was involved, and young men would never get a better opportunity of administering a reproof to the party than the present. Judge Folger was an upright man. For that reason the reproof would be administeaed to a corrupt nomination and not to the man himself. Once let Judge Folger be sent home and never again, in this generation at least, would this thing be repeated. Beecher, in emphatic terms, deprecated the administration taking part in the management of the local government. He ridiculed the idea of the President of the United States having as bosom friends men like one of the Police Commissioners. Mr. Beecher was frequently interrupted by applause, which he checked once by telling his audience not to "boil over," as he was merely discussing the morals and ethics of politics.

The New Gold Certificates.

NEW YORK, October 2.

The new gold certificates issued to-day for the first time will simplify business transactions. Payments can be made more readily, more safely and more satisfactorily in many ways than by the use of coin. They are easily handled and easily concealed. The representation of a vast sum will be inconsequential in bulk and $1,000,000, which in bullion would load down a big four-wheeled truck, may be enclosed in an ordinary envelope and hidden in an inside pocket.

—A monument to the memory of Fred Hecker, the German patriot and soldier, was unveiled in St. Louis to-day.

HOW HE SOLD THE BARBERS.

A Deaf Man Who Had Lots of Fun All to Himself.

Quietly entering a barber shop, a stranger removed his hat and coat and taking a card from his pocket, wrote upon it:

"I want to be shaved."

A barber stepped forward, read the card, and, pointing to a chair, said to his brother artists:

"Deaf as a brass kettle and dumb as an oyster."

The man straightened himself out in the chair, when his manipulator began lathering his face.

"This deaf cuss has a cheek like a stone wall," he said, when a general laugh followed.

"Stick a pin in him and see if he is entirely dumb," said another.

The victim remaining undisturbed, the following shots were fired at him by the delighted tonsorial artists:

"He needs a shampoo; his head is dirtier than a cesspoool."

"Shave him with a stool leg; don't spoil your razor on that stubble."

"Gracious, what a breath. It smells like a Dutch band of music."

"He ought to rent that nose for a locomotive headlight."

While all these complimentary allusions were flying about him, the operation of shaving was finished, and the man arose, put on his coat, and turning to the barber, said:

"How much for the shave and compliments?"

"I—I—I—I," gasped the astonished man. "Oh, nothing—nothing; call again. Excuse—" and as the stranger left the shop the discomfited barbers swore they would never believe in a deaf and dumb man again until they had first fired a 10-pound cannon about his ears.

The Newspaper Guerilla.

An exchange very truly says: We like to hear a man refuse to take his home paper and all the time sponge on his neighbors for the reading of it. We like to hear a man complain when asked to subscribe for his home paper, that he takes more papers than he reads now, and then go around and borrow his neighbor's or loaf around until he gets all the news from it. We like to see a man run down his home paper as not worth taking, and every now and then beg the editor for a favor in the editorial line. We like to see a mechanic or merchant refuse to advertise in his home paper, and then try to get a share of the trade the newspaper brings to town. We like to see this—it looks economical, thrifty, progressive and cheeky.

Great Reductions.

J. B. Gunther is determined to close out his large stock of saddles, harness, robes and horse blankets. Mr. Gunther has one of the largest stocks of goods ever in this State and it must be sold. He is offering better inducements to purchasers than was ever offered on this coast before. Farmers and livery men will find it greatly to their advantage to call at once. Gunther means business and now is the time to buy a set of buggy or farm harness, saddles or anything in that line far below the cost. Read his advertisement and call early.

A Card of Thanks.

The Sisters of Mount St. Marys Academy desire to return sincere thanks to H. M. Yerington, General Superintendent of the V. & T., for his extreme kindness in passing their excursion party of young lady boarders and day pupils to and from Steamboat Springs. Also to Mr. Moeller, the polite and courteous proprietor of the hotel at Steamboat, for his cordial reception and entertainment of the excursionists.

Public Reading Rooms.

The furniture of the public reading rooms and ice cream headquarters has been transferred from the Granger building to the new building erected by the Union since the fire. The members of the Union have shown great energy in completing the building in time for the Fair and will no doubt reap a reward for their promptness in doing the work.

From Washington Territory.

A. H. Barnes has received a letter from Dennis Mahoney, who left here a few days ago for Seattle, Washington Territory, where he obtained employment on the day of his arrival. He says several Renoites are there, mentioning Rev. W. S. Herington, Sol. Simpson and brother, and several others. He reports lively times at Seattle.

Knew Their Places.

Messrs. Gable & Wiltsie of Sierra Valley yesterday drove in to Reno 200 head of sheep and goats that seemed to know their places, for when driven through the streets of Reno the sheep took to the right and the goats to the left hand side of the streets.

To-Morrow's Races.

Tuesday's races will consist of a trot—three in five—in which Tump Winston, Alonzo Hayward, Clairmont, Belle Spencer, Carlisle and Fran Moscow are entered, and a mile a repeat trot for three-year-olds, Nellie and Fred Arnold entered. The Trustees will try and make up an additional race this evening.

Firing Up.

Frank Cutts fired up his large brick kiln of 300,000 in the western addition to-day.

A HAPPY HOME.

The Christian's Expectations in a Better World.

The services at the Methodist Church yesterday were very interesting and impressive. Bishop John F. Hurst preached one of the best sermons ever delivered in Reno. His text was from Revelations, and he referred to the fact that God's last words to man were of a loving nature. He believed God would punish the wicked and that it was not contrary to goodness to punish any more than it was for the laws of the United States to punish. He used many fine illustrations, in one of which he compared the Christian's life to the famous Gobelin tapestries. These beautiful works of art are woven of the finest wool and silk and are pictures of historical scenes, landscapes and portraits. Some of them are worth many times their weight in gold. The weaver sits on the wrong side when at work, and with a small copy before him he works for years, tying into the woof the delicate threads, while all the time the side towards him is a confused mass of ugly knots and ragged ends of all colors. But upon the other side the picture forms slowly, but in exquisite harmony, the colors blending in delicate shades and the great creation almost breathing in its likeness to life. Finally, when the work which is to last for centuries is finished, the master takes the faithful servant by the hand and leading him to the other side, shows him his work in all its beauty.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither palls upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of BARON VON LIEBIG, and a FAC-SIMILE of his Signature, as well as that of A. REPUBLICAN PLATFORM.

RESOLVED, That the honor and glory of the Republic, its continued peace, prosperity and progress will be best served by the perpetuation and continued success of the Republican party. We declare our fidelity to its principles as expressed in the Chicago platform of 1880, and as further embodied in its great history from its organization to the present time.

RESOLVED, That in the tragic death of President Garfield our country has suffered a deplorable loss, and the Republican party mourns for one who consecrated a noble and heroic life to the vindication of its great purposes.

RESOLVED, That we have faith in the prudent and sagacious administration of President Arthur and believe it will result in promoting the best interests of the country.

RESOLVED, That the presence in our midst of a servile race of aliens, incapable of assimilating with our institutions, is a perpetual menace to all classes of society. The relief extended to our people by the passage of a law excluding the Chinese by a Republican Congress and approved by a Republican President is a genuine cause of satisfaction. We are in favor of strenuously enforcing the provisions of said law, and we pledge the Republican party to labor now and henceforth to secure such further legislation as will permanently exclude the Chinese.

RESOLVED, That we recognize the paramount importance of maintaining unimpaired the free public school system of the State. We shall defend it against sectarian, political or other improper influences, and we favor such further legislation as the condition and wants of the common schools of the State may require. As free institutions they should be so conducted as to satisfy poor and rich alike, and upon this principle we urge the adoption of some system by which this State shall furnish the text books at the lowest possible figure.

RESOLVED, That owing to the remote position of Nevada from the sea-board and the entire absence of navigable waters and competing lines of railroads to and from commercial centers, we demand from Congress such wholesome and effective legislation as will place our people on terms of equality in respect to transportation charges with communities specially favored by railroad monopolies.

RESOLVED, That we pledge the Republican party of Nevada to such a course of enlightened legislation as will extend to railroad and other corporations doing business in this State the same protection and the same rights before the law as is accorded to individuals—no more and no less. And further, that the Republican party favors and demands at the hands of the State Legislature legislation regulating and equalizing freights and fares on all railroads within this State.

RESOLVED, That we are in favor of the Government of the United States establishing a postal telegraph service, and operating the same in connection with the Postoffice Department.

RESOLVED, That the coinage of silver should be placed upon the same basis as that of gold, and we invoke early Congressional legislation to that end.

RESOLVED, That it is the duty of the Legislature to enact such laws as will result in the purification of the jury box and better promote the administration of justice.

RESOLVED, That it is the duty of the next Legislature to pass such laws as shall reduce the expenses of State and county governments to the lowest possible limits consistent with the requirements of the public service.

RESOLVED, That the earnest attention of Congress and the State Legislature is directed to the subject of codifying the laws relating to the location and working of mineral lands to the end that legitimate prospecting and the development of our chief source of wealth may best be promoted.

RESOLVED, That the appropriation by a Republican Congress for the payment of pensions to invalid Union soldiers and to the veterans of the Mexican war is the discharge of a debt of honor and law—a generous remembrance of our country's defenders in its supreme hour of peril.

RESOLVED, That in the judgment of this convention the Legislature, when next convened, should make the necessary provisions for a convention to revise the entire constitution of the State; that in providing for such convention well-guarded restrictions should be made, defining the number of delegates, their compensation, and fixing the duration of its session; that we believe such a convention is imperatively demanded by the urgent necessities of the times, and among others for the following cogent reasons: First—to change the fundamental law so as to secure as nearly as may be the equal and uniform taxation on all property subjected thereto. Second—to regulate and render equal and just all the rates of passage and freights upon all railroads doing business in this State, to the end that our leading industries may be fostered and not oppressed, built up and not overthrown; and third—to secure the reduction of the expenses of the State to the minimum by dispensing with all unnecessary officers and employes, rendering more speedy and economical the collection of public revenue, and the general administration of justice.

Treat all Chronic and Special Disease

YOUNG MEN

WHO MAY BE SUFFERING FROM the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit $500 for every case in Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation Free. Thorough examination and advice $5.

P. S. For private diseases of short standing a full course of medicines sufficient for a cure, with necessary instructions, will be sent to any address on receipt of Ten Dollars.
